Patrons love Resource Sharing...

Quote from Webster County Library patron:
 "I love it. It opens up so much more information to patrons. I am always excited to search for authors I read knowing I have a much better chance of finding them available. It was a wonderful decision."

Quote from Doniphan-Ripley County Library patron:
 "I love that we can put items on hold from other libraries! I have done interlibrary loans for myself multiple times because it is so simple and easy to use. I especially take advantage of the loans when I find an author I love and my library doesn't carry all of his/her books. The librarians are wonderful about helping me find all that material if it's available in another place."

Quote from Poplar Bluff Municipal Library patron:
 "Every time I look in the library's catalog, it's like Christmas!"
